The regular schedule will resume at 11:15 a.m. on a 2-hour delay day.  
Breakfast will not be served on days where there is a 2-hour delay.

### **Early Dismissals**

From time to time, students may need to leave school prior to dismissal time. Any student leaving school before 12:00 pm will be charged with an early release ½ day unexcused, which will count against the student's attendance. However, if proper medical documentation is provided that day or the day after, the student will receive an excused absence ½ day, which will not count towards the student's attendance. **Parents should not call students out of school for non- medical or non-emergency reasons.** Instead, parents need to send in a note with their child stating the time of the release, with a phone number to verify the early release. If a note is not provided, the parent may be required to come into the school to sign their child out of school for the day.

**Please note: Both parents have equal access to their children unless a signed court document stating otherwise is on file in the school office.**

### **Arrival Procedures**

For safety reasons, students **are not** to be dropped off at the elementary school **prior to 8:45 A.M.** Students arriving at school by means of automotive transportation (not by bus) are required to use the **PARENT DROP-OFF ZONE.**

### **Dismissal Procedures**

If parents/guardians are picking up their child at school, they must send written permission specifying the time of dismissal. **If you tell your child that you are picking him/her up at school, but do not send written permission, your child will be sent home on the school bus.** Students who are not riding the bus at the end of the day **MUST BE SIGNED OUT AT IN THE VESTIBULE AREA.** When picking up students, parents/guardians **MUST** park their vehicles in the parking lots. Parents are asked to wait in the designated areas. Please be advised that **parents/guardians should arrive no earlier than 3:10 P.M.**

### **School Visitations**

The Board welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. To ensure order in the schools, it is necessary to establish guidelines governing school visits.

The Superintendent or building principal has the authority to prohibit the entry of any person to a school of this district in accordance with the guidelines.

The Aliquippa Elementary School requires that **ALL VISITORS** sign in at the welcome desk with security. Visitors **MUST** present a valid government issued photo ID or driver's license **PRIOR** to entering the building. Those visitors who do not have a scheduled meeting with school personnel, **MUST** be given

approval by the administration to enter the building. Security will clear all visitors with the administration or appropriate school personnel.

Parents/guardians who are here to pick up their child for an early dismissal must also present a valid government issued photo ID or driver's license before the child is released to them. Also, please be sure to complete and return your child(ren)'s authorization to release that is kept on file in the office. Child(ren) will only be released to their parents, guardians, and the individuals listed on the authorization to release. Again, for the safety of our children, all individuals will need to provide government issued photo identification.

Family members/family friends are not permitted to eat meals with students, visit classrooms, or follow students throughout their school day. The administration reserves the right to permit these types of visits on an individual basis; however, this would only occur in rare cases when absolutely necessary. If visiting in the building, please remember you are not in the building to visit with other children and/or interfere with another child's daily functioning. These regulations assist in the general safety of the students, as well as in helping with the overall effectiveness of the building routines.

For the protection of our students, volunteers, chaperones, and visitors are asked to refrain from taking pictures of students with their phones during school events and sharing them via social media. Cooperation in this matter would contribute to a collective responsibility to protect our students.

Any person who, in the school building or on the school premises, conducts himself/herself in a manner detrimental to the educational process, or so conducts himself/herself as to disturb or annoy pupils or school personnel, or so as to interrupt the educational program or any public activity being held on school premises or in the school building, or who fails to report to the office as provided above, may be requested to leave the building or premises by the principal or person in charge and on failure to leave, will be considered a trespasser.

## **STUDENT REGISTRATION AND WITHDRAWAL**

### **New Student Registration**

Any parent/guardian who wishes to enroll a student in the district must first complete the necessary forms required by the school. These forms are available in the Central Registration Office located on the High School campus. Parents must supply the following information to complete the registration process.

- Two Proofs of residency
- Copy of the student's birth certificate
- Copy of the student's immunizations
- Copy of the parent/guardian's valid driver's license/other form of photo identification

### **Change of Mailing Address, Telephone Number and E-mail Address**

The school office MUST be notified whenever a change of student address occurs. This holds true if the change occurs from one school year to the next as well as if the change occurs during a given school year. A change in a student's home phone number should be reported to the school as soon as possible to ensure that parents/guardians can be notified in the event of an emergency. Parents are also encouraged to keep their most current email address on file with the district.

### **Release of Records**

All student records are kept confidential. Student records will only be released upon receiving written permission from the parent and/or legal guardian. Records will not be released directly to the parents/guardians. Copies of all student records will be forwarded directly to the new school district once a release of records consent form is received.

### **Withdrawals**

Parents/guardians who wish to withdraw a student from the district must notify the school in person or in the form of a written letter. For student records to be released to another school district, a release of records request must be received from the requesting school district. Please allow the school district sufficient time to process your requests and prepare the student's records for release.

## ATTENDANCE POLICY

1. No individual student absences will exceed **twenty (20)** illegal days in any school year. If a student exceeds the maximum number of allowable absences, that student will receive failing grades in all subjects for the school year. The failing grades will be recorded as insufficient attendance. **After ten (10) illegal absences the Aliquippa School District may contact Children & Youth Services of Beaver County.**
  
2. Days that are **not counted** towards the twenty (20) day limit:
  - a. Religious Holidays
  - b. Out of School Suspensions/OSS
  - c. Illness: dates of the illness must be a confirmed validated doctor's excuse and presented within **three (3)** days after that student's return to school.
  - d. An excuse that has been approved by the principal/designee for other urgent reasons, however, verification must be presented immediately upon that students return to school or that absence will be considered unexcused.

### **3. Questionable Absences**

Please note that the mere fact that a parent has sent a written explanation to the school does not necessarily mean that the absence is excused. A claim of continued or repeated illness without verified medical proof of the student's condition is a **"questionable absence."** Cases of erratic, general explanations or patterned absences would be "questionable." An excuse that simply states, "please excuse my child from being absent because he/she was sick" is too general in nature to be accepted. The excuse should specifically state "please excuse my child for being absent because he/she had the flu, there was a death in the family, etc." No excuses will be accepted that state the student had a doctor's appointment, court hearing, etc. without written proof from the appropriate facility. Also, excuses will NOT be accepted after three (3) days of the student returning to school.

After ten (10) days of written excuses, the parent will be required to turn in medical documentation for the remainder of the school year.

**NO WRITTEN EXCUSES WILL BE ACCEPTED.**

#### **4. Unexcused/Unlawful Absences:**

- e. An illegal excuse would be marked illegal and unlawful for those children under the age of 18 (Compulsory Regulations).
- f. An illegal excuse would be marked unexcused for the following reasons:
  - i. Truancy: absence without parental knowledge
  - ii. Illegal Employment: working during school hours
  - iii. Parental Neglect, such as:
    - 1. Child overslept
    - 2. Child was visiting away from home
    - 3. Child missed the bus, etc.

#### **5. Excused Absences:**

- g. Illness: excuse should be specific in stating what illness is or was. Medical verification may be required.
- h. Quarantine: the local health department must authenticate this type of excuse.
- i. Death in the immediate family: excuses should be specific, general description such as, “death of father, uncle or grandmother.” (Provide a copy of obituary in order to not count towards 10 days of maximum written excuses).
- j. Impassable road: reason that would make travel to school impossible (i.e., landslide, flood, traffic accident, etc.)
- k. Excused on emergency permit: usually handled through Administrative channels.
- l. Exceptionally urgent reasons: handled through Administrative channels.
- m. Religious holidays.
- n. College visit (Provide a letter on school letterhead in order to not count towards 10 days of maximum written excuses).
- o. Vacation (Provide vacation form signed by principal in order to not count towards 10 days of maximum written excuses).

## 6. Procedures

- p. After the **third (3)** day of illegal absence a letter will be sent to the parent/guardian apprising them of the district's attendance policy.
- q. After the **sixth (6)** day of illegal absence a certified letter will be sent to the parent/guardian informing them of the seriousness of their child's attendance problem. A conference between the parent/guardian and school personnel will be scheduled to discuss the matter. The filing of charges against the parent/guardian with the District Magistrate will be considered.
- r. After the **ninth (9)** day of illegal absence a letter will be sent to the parent/guardian informing them of the seriousness of their child's attendance problem. The filing of charges against the parent/guardian with the District Magistrate will be considered.
- s. On the **twentieth (20)** day of illegal absence, the parent/guardian will be notified that their child has reached the maximum number of allowable days to be absent and the district policy regarding attendance may be enforced.

**\*\*NOTE: Even though it has been determined that a student has failed for the year due to his/her insufficient attendance, the student must continue to attend school; Section 1327 & 1333 of the Public School Code of Pennsylvania (Compulsory Attendance).**

**\*\*Any student who is caught skipping school based upon information received to the Home & School Visitor will have charges filed with the District Magistrate.**

## 7. Illness or Other Urgent Reasons

- t. Every principal or teacher may upon receipt of satisfactory evidence of mental, physical or other urgent reasons excuse a child for nonattendance during temporary periods, but the term urgent reasons shall be strictly construed and shall not permit irregular attendance.
- u. School Administrators' Handbook: Explanation of Other Urgent Reasons for Absence, Section 113-423; When the excuse reads, "Please excuse my child for being absent because of an emergency," the term "other urgent reasons" lack valid interpretation. The term very clearly implies that the reasons must be serious and must be specified, such as: impassable roads, quarantine, death in the immediate family, or weather so inclement as to endanger the health of the child.

## **8. Early Release**

- v. Any student leaving school before 11:00 a.m. (high school) & 12:00 (elementary school) will be charged with an early release ½ day unexcused, which *WILL* count against the student’s attendance. However, if proper medical documentation is provided that day or the day after the student will receive an excused absence ½ day, which will *NOT* count towards the student’s attendance. Parents should not call students out of school for non-medical or emergency reasons. Also, parents need to send in a note with their child stating the time of the release with a phone number to verify the early release. If a note is not provided the parent will be required to come into the school to sign their child out of school for the day.

## **9. Attendance Related Problems**

- w. The state attendance laws deal with children until they reach 18 years of age. Therefore, we deal differently with students depending upon whether they are under age 18 or if they are 18 years of age or older. “Attendance Related Problems” fall into one or more of the following categories:
  - i. Absence from school—excused
  - ii. Absence from school—unexcused
  - iii. Absence from class—verified
  - iv. Leaving campus without authorization
  - v. Absent on bulletin in school
  - vi. Tardy to school

## **10. Field Trips**

- x. Individual teachers schedule field trips as part of the academic program. Students may be denied the opportunity to attend field trips based on poor attendance, discipline or academic effort. Administration and the teacher will make the decision.

## **11. Tardiness**

- y. Tardiness is always one of the major problems in any school district, including the Aliquippa School District. The ASD feels that habits of tardiness that are not corrected in the earlier years will continue to worsen and possibly become a major problem for the child in his/her adult life. Therefore, the following procedures have been established in an effort to correct this problem.

- z. A student will be considered tardy to school if he/she does not report by 7:40 a.m. (high school) & 9:15 a.m. (elementary) each morning. Students arriving after 9:15 a.m. should be accompanied by a parent/guardian, have a written excuse from a doctor or other health caregiver or have given the office prior notification.
  - i. First tardy—Verbal warning
  - ii. Second tardy—Verbal warning
  - iii. Third tardy—Detention
  - iv. Fourth tardy—Verbal warning and a telephone call to the home. This must then be documented on a referral form.
  - v. Fifth tardy—One day of OSS will be given
    - 1. Note: After the fifth tardy, the process is repeated. Therefore, students would be suspended on tardy days 5, 10, and so on.
  - vi. At the beginning of the second semester (3<sup>rd</sup> nine weeks), all student tardy counts will be erased and will begin again at zero.
  - vii. After the second cycle of tardiness, the student and parent will need to meet with the Student Assistance Team.
  - viii. For truancy purposes, tardy minutes will be added up and converted to illegal days of absence.
  - ix. Students will serve detentions for tardiness during scheduled after school-required groups that will address excessive tardiness, attendance, etc.

## 12. INSUFFICIENT ATTENDANCE POLICY

- aa. I.A. shall be considered when **12 or more days of illegal absences during a nine-week grading period occur**. If at the end of the grading period, a student receives an insufficient attendance (I.A.) the grades for all classes will be a 45%, which is the lowest failing grade.

## MEDICAL AND HEALTH SERVICES

Nikki Scrabis, School Nurse, provides school health care at the Elementary School. The school nurse, as required by state law, provides the following services:

1. **Physical Exam:** grades K, 6, and 11, new students, and any student in other grades who does not have a physical exam documented.
2. **Height & Weight:** all students, every year
3. **Vision:** all students, every year
4. **Scoliosis Screening:** grades 6 and 7
5. **Hearing Test:** grades K, 1, 2, 3, 7, 11, new students, and all children in special education
6. **Dental Exams:** grades K, 3, 7

Parents will be notified when the physicals and dentals will be done, and will have the choice for their child to not participate in the above services.

### Procedure to Visit the Health Office

In order to be admitted to the health office, students must have a signed pass from the teacher whose class they are in, unless it is an emergency. Students who come between classes will be sent back to get a pass. This will help avoid students being late for class, or being marked unexcused absence.

### Immunization Laws

State immunization requirements make it absolutely necessary that proper immunizations **MUST** be provided prior to admission into school.

To be enrolled in Kindergarten, a child must be five years of age before September 1<sup>st</sup> and must be immunized against Diphtheria, Pertussis, Tetanus, Polio, Mumps, German measles, Hepatitis, and Varicella before being enrolled in school (see chart below). Any other medication the student may need to take in school on a short term basis, such as antibiotics, pain medication, cold or allergy preparations, are also to inform the school nurse. There are specific forms that the parent, doctor, and/or student must sign in order for these medications to be administered and/or carried by the student. Any over the counter (OTC) medications such as Tylenol or ibuprofen requires **written** parent permission before it will be administered.

## Communicable Diseases

The law permits the exclusion of any student from school who is suspected by the school nurse of having any of the communicable diseases listed below. Readmission to school shall be contingent upon the school nurse or, in the absence of the school nurse, a physician, verifying that the criteria for readmission have been satisfied. ## **Medical Emergencies**

The Aliquippa Elementary School has a medical emergency plan in place:

1. First person at the scene will assess the victim, stay with the victim, and send for help and the AED (automatic external defibrillator)
2. Office staff will call 911, and announce a Code Red and which area of the building the code is in
3. Persons trained in CPR/AED near the area will respond
4. Other staff will assist with securing the area, crowd control, and direct emergency personnel to the scene.

### **THE AED IS LOCATED ACROSS FROM THE MAIN OFFICE**

**There is ongoing training in CPR/AED for the staff. In addition, all students who are seniors have also been trained as part of their health curriculum.**

## **School Emergency Procedure**

In case of emergency and/or need of medical or hospital care:

1. The school will call the home. If there is no answer, then;
2. The school will call the father's, mother's or guardian's place of employment. If there is no answer, then;
3. The school will call the other telephone number(s) listed.
4. If none of the above answers, the school will call an ambulance and/or paramedic, if necessary, to transport the child to a local medical facility.
5. The school will continue to call the parents or guardians until one is reached.

## **First Aid And Illness**

Illness or injuries occurring during school hours will be given first aid or evaluation by the school nurse. The child's personal health care provider should evaluate injuries occurring at home or when school is not in session. Students are not permitted to call home without first being evaluated by the school nurse.

Substantial effort will be made to contact the parent or guardian immediately should a major accident or illness occurs. It is important that a parent complete the emergency card carefully with a reliable

phone number where he/she or another designated person may be reached. Should any information on the emergency card change during the school year, it is imperative that the school be notified immediately.

## **GRADES AND HOMEWORK**

### **Grading Scale**

At Aliquippa Elementary, students will be assessed through homework, in-school assignments, tests/quizzes, projects, and class participation. Each classroom teacher will inform students on how they will be graded for the school year. The students will be assigned percentage grades for their work. Each grading period is nine weeks.

Teachers may, at their discretion, vary the length of homework assignments depending on the nature of the topic being studied.

### **Make-Up Work**

Students are required to make up schoolwork if they are absent due to illness or other reasons. The classroom teacher will prepare the work and set appropriate limits for the time that the work should be completed. If a student is absent from school, parents/guardians can arrange for schoolwork to be sent home with another student or picked-up in the office. Parents/guardians need to telephone the school by 10 A.M. to request make-up work.

## **Report Cards**

Student report cards for Kindergarten through Sixth grade are issued at nine-week intervals. Any questions or concerns based on a report card should be addressed to the classroom teacher first. However, parents/guardians should not wait for a poor report card to schedule a conference to discuss academic problems. If there are concerns about a child's progress, please notify the classroom teacher immediately.

At the conclusion of each marking period, student report cards are available on Powerschool ([quipsd.org/powerschool](http://quipsd.org/powerschool)). Students will be issued a paper copy of their report card after the 1st and 4th marking period.

## **Honor Roll**

## EDUCATIONAL PROGRAMS AND SERVICES

### School Counseling Services

Elementary School Counseling services are available to all students. The goals of the program are to have all students develop an awareness of self and others, to develop an understanding of the relationship between school and work, to understand decision-making, to learn socially acceptable ways to satisfy needs, and to work towards educational goals. Individual or group counseling for students is available through parent/guardian, teacher, or student referrals. Classroom guidance lessons presented throughout the school year may include: bullying, character education, feelings, conflict resolution, career, and social skills.

### Positive Steps Wellness Center

Positive Steps Wellness Center is an outpatient counseling service that is housed at Aliquippa Junior Senior High School and Elementary School in order to offer support for students attending Aliquippa and their families.

Positive Steps offers a variety of services which include:

- Individual outpatient counseling services for the students and their families
- Various group therapy services.

This service is available to students K-12, and is paid for through their insurance. Positive Steps is able to accept both private insurance and medical assistance, so any child can be served. Referrals can be made by either a member of the school staff, the parent/guardian and/or the student. However, please be assured that no services will be conducted *without the written consent from the student's parent/guardian or the student if they are 14 or older*. Please note that all information regarding your child's treatment will be kept in a private record that is kept locked and is accessible only to Positive Steps Staff who are treating your child or supervising your child's treatment. Not even the school staff will have access to these records. If you have any questions or concerns, please call **Will Forbes 724-857-7500, extension 2327** anytime during school hours or leave a voicemail and someone from the Positive Steps Staff will return your call.

## **Student Assistance Program (SAP)**

Students who are having difficulties at school or at home can be identified and referred for help through the Student Assistance Program or known as SAP. The team is made up of school and agency staff that are available to help you access school and community services for your child. The goal of SAP is to work with parents and students to provide accommodations and interventions to increase student achievement. Students may be referred by a teacher, administrator, school counselor, a peer, parents, or self-referrals. Participation in the program is not required and is voluntary. The team reviews all student behavior, academic performance, health and attendance and will make appropriate contacts with parents and agencies. Confidentiality is maintained throughout the process.

## **Peer Mediation Program**

To deal with conflict a trained peer mediator facilitates a process of communication and problem-solving that leads to resolution. Peer mediation is explained to students as a chance to sit face to face and talk uninterrupted, so each side of the dispute is heard. After the problem is defined, solutions are created and then evaluated. When an agreement is reached, it is written & signed by both parties. Unresolved conflicts often result in hurt feelings, loss of friends, increased anger/frustration & sometimes physical altercations. Considering the competitive nature of our society, it is not surprising that conflicts become contests where there must be a winner or loser. This win/lose attitude is a separate & disconnected view of society. Peer mediation redefines conflicts in such a way that no one has to lose. It is a commitment to cooperate & create new possibilities beneficial to all involved. Peer mediation offers a forum through which students can participate in providing a safe, positive & conflict free school community.

Who can ask for a mediation?

- \*Students
- \*Teachers/staff
- \*Parents
- \*Peer mediators

# DISCIPLINE

## Elementary Discipline Goals

We believe that the goals of discipline are to:

- help students to develop a healthy, positive self-concept;
- teach students to make responsible decisions;
- assist students in taking responsibility for actions when appropriate;
- teach students to learn to communicate positively;

## School Wide Positive Behavioral Interventions and Supports (SWPBIS)

Aliquippa Elementary implements School Wide Positive Behavior Interventions and Supports which focuses on our school wide behavioral expectations: **PRIDE**

Be **P**repared

Be **R**espectful

Have **I**ntegrity

Be **D**etermined

Have **E**mpathy

The SWPBIS program is a proactive approach to school-wide discipline and will focus on creating and sustaining an environment for achieving important social and learning outcomes while preventing problem behaviors through a collaborative team approach. The underlying focus is to teach behavioral expectations in the same manner as any core curriculum subject. The SWPBIS Team will also be analyzing discipline related behavioral patterns and will respond to them by teaching the positive behaviors expected by our students.

**Our ultimate goal here at Aliquippa Elementary School is to create an environment where students are aware of their actions and their effect on others. We are constantly working to provide a positive, safe learning environment for all students. The Aliquippa Administration views all discipline efforts to be a collaborative process that includes students, teachers and parents.**

### **Elementary Discipline Overview**

Aliquippa Elementary believes that a meaningful and worthwhile learning environment can be maintained only with a workable discipline code as its basis. The students, parents, staff and administration share the responsibility for maintaining good school discipline equally. The behavior expected from students at school reflects a combination of social etiquette, courtesy and safety factors.

Each teacher has his/her own set of rules designed to ensure that the delivery of instruction takes place in an orderly, safe environment. It is the students' responsibility to familiarize themselves with each set of classroom rules. Students are expected to conduct themselves accordingly. Respect, courtesy and good manners should be displayed at all times.

**NOTE: ALL DISCIPLINARY ACTIONS ARE SUBJECT TO ADMINISTRATOR DISCRETION.**

**Lunch/Recess Detention**

Lunch/recess detention refers to situations in which students will eat their lunch/sit out recess in a separate classroom (ISS). Such students will be supervised and will have to remain in lunch/recess detention until the period is over. Students who do not conduct themselves properly while in detention may not receive credit for the time and may be reassigned additional disciplinary consequences. Failure to serve detention may also result in additional disciplinary consequences. Detentions will be scheduled on an as needed basis.

**Fighting**

Fighting shall be prohibited on school grounds or at school activities due to the potential for serious injury. This is a "no-fault" fighting regulation, meaning if two or more students are engaged in fighting they will all be disciplined according to the terms of the Student Conduct Rules, (3 day suspension for the first offense; 5 day suspension for the second offense; 9 day suspension with a discipline hearing with a recommendation for completing the school year in a different setting) regardless of how the fight started or who was responsible for starting the fight.

## **Dress Code**

Dress regulations serve as a guide for students; no regulations, however, are as effective as the individual's good taste, which is, after all, the final criteria for an individual's appearance. A student's appearance will be a source of pride not only to the school, but to the individual and his/her family as well. Students are responsible to dress appropriately and will be held accountable. If a student is uncertain as to the appropriateness of clothing for school wear, he/she should check with the principal before wearing the clothing to school.

#### **Internet Usage Policy**

The Children's Internet Protection Act (CIPA) requires schools to establish Internet Safety guidelines for the appropriate use of computer networks. The Aliquippa School District makes available to trained staff and students the global resources of the Internet, as well as the computer resources of our local area network. Through technology resources, educators and students can communicate with others, share resources, search databases, and retrieve useful information. A student account is provided at no charge to the School District for Internet use, and is bound by the Acceptable Use Policy.

The Internet is to be used for educational purposes only. In accordance with the Children's Internet Protection Act (CIPA), the Aliquippa School District will take all measures to:

1. Prevent the district's network access to or the transmission of inappropriate information via the Internet, electronic mail, digital folders or other forms of electronic communications;
2. Prevent unauthorized access or inappropriate online activity;
3. Protect against online disclosure, use or sharing of student personal information;
4. Provide Internet safety education to all students.

Aliquippa School District takes reasonable steps to ensure that students do not have access to potentially harmful content. The district utilizes a content filter that monitors and blocks potentially harmful content such as pornography, child pornography, sexual acts, obscene material or other materials deemed as harmful to minors. The district may override this protection for a student if it wrongly blocked legitimate educational sites.

The Aliquippa technology staff monitors student use of the Internet by checking history if there is reasonable cause for concern, and/or direct supervision to ensure that the network is for instructional and educational purposes. In addition, the district maintains reasonable precautions to prevent "hacking" or sabotage of the network's confidential information. These precautions include firewalls, password policies, data encryption where possible, and security monitoring. The District provides instruction to students for appropriate use of the Internet including, but not limited to, net-etiquette, online behavior, cyber bullying awareness, social networking safety and other privacy or security issues.

## **Electronic Devices**

The USE of electronic devices, such as headphones (including wireless), ear buds, cell phones, handheld video games, wireless speakers, tablets, etc. are ONLY permitted during assigned breakfast and lunch periods. We strongly discourage students from wearing electronic devices on clothing or on any part of the student's attire prior to lunch or after that time. Although the administration recognizes that it is a parent's right to purchase and monitor such items, they can become a distraction throughout the school day. Students are discouraged from bringing such items to school. The administration reserves the right to give permission for a teacher to conduct an educational activity with electronic devices. The Aliquippa School District is NOT RESPONSIBLE for any stolen, lost or damaged electronic devices.

After an initial warning, any student who has a cell phone/electronic device out and visible, or in use during undesignated times, will be asked to turn their cell phone/electronic device over to the teacher. If the student cooperates, a warning is issued and the device will be returned at the end of the class period. If this occurs a second time in any one particular classroom or school building area, the cell phone/electronic device must be given to one of the building principals. If the student refuses to turn in his/her cell phone, a 1-day in-school suspension will be issued. Any further violations may result in additional in-school or out-of-school suspensions or violators will be prohibited from having such devices on school property. No videos, photos, or audio are to be recorded on school grounds as it is illegal and a violation of district policy. Violation of the guidelines will result in the confiscation of the student's electronic device. The length of the confiscation will be at the discretion of the administration. Parents/guardians are also encouraged to contact their child's teacher with any concerns that they may have.

## **Parent Volunteers**

Aliquippa Elementary recognizes that it is extremely important for parents/guardians to be involved in their children's education. We encourage parents/guardians and grandparents to assist our teachers and other staff by becoming volunteers. All volunteers must have clearances. Please contact the building principal for more details regarding building specific practices.

## **Promotions and Retentions**

The general policy of the district is to encourage and assist each elementary pupil to move along in a continuous pattern of academic achievement in harmony with his/her normal social and emotional development. Most of the students will require the normal allotted time to progress through the elementary school curriculum.

In arriving at a decision for either the promotion or retention of a pupil, the combined views of the teacher(s), principal, and guidance counselor are taken into consideration along with those of the parents/legal guardians. If a student receives 2 or more failures in a school year will be important factors in the decision. The guiding philosophy for determining promotion or retention will be what is in the best interest of each individual child.

## **School Intruder Drills**

As we strive to keep our students and staff members safe, the district will continue to plan and implement emergency practice drills on a regular basis. The students and staff will be discussing the procedures to follow during these types of emergency drills. The type of information the students are exposed to has been tailored to educate them in the most age appropriate manner.

Please understand that there are numerous options for students and staff to use during an emergency event based on the information available to them. Looking forward, the district staff and students will continue to practice these options within the district emergency operations plan.

## **Security Cameras**

Security cameras are located throughout the school and outside the school to enhance safety and to prevent destruction of school property.

## **Textbooks, Supplies and Other School Property**

Students are responsible for all textbooks, library books and other materials that are issued to them. Students and parents are liable for the textbooks and library books and will be required to pay for the materials lost or damaged.

## **Weather Drills**

Weather drills are held regularly to comply with state law. When the alarm rings, everyone must quietly evacuate to an assigned area of the building. The students are to move quickly, but walk. assume the proper position, and remain there until the drill is complete. At the completion of the drill, the students will return to their classrooms. All weather drills are conducted quickly and in a serious manner.

The federal mandate and the intention of the Aliquippa School District is to ensure that homeless children and youth have access to free appropriate public education on an equal basis with other children.   10. Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

- c. Students may use publications, handbills, announcements, assemblies, group meetings, buttons, armbands and any other means of common communication, provided that the use of public school communications facilities shall be in accordance with the regulations of the authority in charge of those facilities.

  2. The place of the activity may be restricted to permit the normal flow of traffic within the school and at exterior doors.

## ANNUAL FERPA NOTIFICATION OF RIGHTS AND DESIGNATION OF DIRECTORY INFORMATION

### NOTICE OF RIGHTS

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT ("FERPA") AFFORDS PARENTS, STUDENTS OVER 18 YEARS OF AGE ("ELIGIBLE STUDENTS"), AND PARENTS OF DEPENDENT STUDENTS CERTAIN RIGHTS WITH RESPECT TO EDUCATION RECORDS. EDUCATION RECORDS INCLUDE A BROAD RANGE OF INFORMATION ABOUT A STUDENT THAT IS COLLECTED AND MAINTAINED IN ANY FORMAT BY THE DISTRICT INCLUDING BUT NOT LIMITED TO:

2. Grades, test scores, courses taken, academic specializations and activities, and official letters regarding a student's status in school.
3. Special education records;
4. Disciplinary records;
5. Medical and health records that the school creates or collects and maintains;
6. Documentation of attendance, schools attended, courses taken, awards conferred, and degrees earned; and
7. Personally identifiable information such as a student's identification code,

social security number, picture, or other information that would make it easy to identify or locate a student.

### Certain Types of Records are NOT considered Education Records Under FERPA

- Personal notes made by teachers and other school officials that are not shared with others;
- Law enforcement records created and maintained by a school's or a district's law enforcement unit specifically for law enforcement purposes (as distinct from student disciplinary and other non-law enforcement purposes); and
- Records on students 18 years of age or older that are made or maintained by a medical or other recognized professional or paraprofessional acting in his or her professional capacity.

Your rights with respect to  
education records include the  
following

- **Right to Inspect:** A parent or eligible student has the right to inspect and review the student's education records maintained by the district within 45 days of the district's receipt of a written request for access.

A parent or eligible student should submit to the school principal (or superintendent) a written request that clearly identifies the record(s) he/she wishes to inspect. The principal will make arrangements for access and notify the parent or eligible student, in writing, of the time and place where the student's records may be inspected.

- **Right to Request Amendment:** A parent or eligible student has the right to request the amendment of the student's education record(s) that are believed to be inaccurate or misleading.

If the record is not amended as requested, the district shall notify the parent or eligible student of the decision in writing and shall advise him/her of his/her right to a hearing on the request for amendment. Additional information on the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- Right to Consent to Disclosure: A parent or eligible student has the right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure without consent.

A school official has a legitimate educational interest if he/she needs to review an education record to fulfill his/her professional responsibilities.

Additionally, upon request, the district may disclose education records without consent to officials of other schools in which students seek or intend to enroll. Furthermore, No Child Left Behind Act requires the district to facilitate the transfer of disciplinary records with respect to a suspension or expulsion to any private or public elementary or secondary school for any student who is enrolled or seeks, intends or is instructed to enroll on a part-time or full-time basis in the school. Disclosure without consent may be made in case of emergency as determined by the district or to report crimes occurring at school or involving the school or its personnel.
